## SOFT SKILLS

- Teamwork
- Time Management
- Effective Communication

## TECH SKILLS

- HTML,CSS,JavaScript(Basic)
- C,C++,Python,Data Structures,Java (Learning)
- Tools-VsCode,Github, Wordpress.

## LANGUAGES

- Marathi (Advanced)
- English (Proficient)
- Hindi (Fluent)

## PROFILE

Computer Engineering Student in final year of Diploma interested in web development.Focused on front-end, basic back-end, and practical problem solving.I enjoy turning ideas into real applications, whether it's a web app or a simple AI tool,My learning approach is hands-on: I believe the best way to grow is by experimenting, making mistakes, and improving with every project. I am looking for opportunities such as internships or projects where I can apply my skills, gain real-world experience, and grow as a developer.

## EDUCATION

**Diploma In Computer Engineering**  
Government Pulytechnic Pune  
July 2023 - June 2026

**M. M. Vidyamandir Kalewadi Pune**  
Thergaon,Pune, 10th SSC  
Year of Completion: 2023  
Secured 94.80%

## PROJECTS

### Portfolio Website -

Responsive portfolio with animated background (Vanta.js), smooth scroll and Tailwind components.

- Deployed on Netlify,Created a Repository on Github.
- Clean, semantic HTML and reusable CSS classes and Javascript.

### Expense Tracker Web

Track daily expenses with categories, budget alerts and local storage persistence.

- Analyzing expenses
- Simple charts for monthly spend

### DSMS - Decentralized Storage Management System (Ongoing -Final Year Project).

- Conceptualized and prototyped a blockchain-inspired decentralized storage solution.
- Aims to provide secure, distributed, and scalable file management across multiple nodes.
- Ensures data integrity, transparency, and redundancy, reducing risks of single-point failures.

## CAREER OBJECTIVE

To pursue a challenging career in software development, where I can apply my technical skills, problem-solving abilities, and continuous learning mindset to contribute to innovative solutions.
